

My Dearest Leddy,

“... We are in a time of real spiritual cleansing and we will all look back a little while from now and realize that others before us have left us signs and guiding posts with gentle reminders to comfort us while working through our transformation, which at times can be very painful. Ask any butterfly....

Now, here we are in this time and place. As Sloan Wainwright rightfully stated, *‘We are piece of the puzzle, a part of the plan, but we are free, right where we are.’*

Some times when I need reminder of our purpose for being, I am led most times to UCC website to listen to your past Podcast. On October 30, 2016 your message was ‘Scary Truth’ and you shared that it would be scary if we never face challenges. Your message to us April 4, 2018 was inspired by lyrics by Denise Rosier, *‘With every breath in me, I call out Hallelujah!’*

We are surrounded by gentle souls with gentle reminders that we are not alone and that we are where we are supposed to be and Karen Drucker is now sounding in my head, *‘Let it be easy now.’*

On February 25, 2018 Jan Garrett and J D Martin reminded us, *‘You are not alone, we are one soul finding our way through the dark. Hold out your hand, someone will take it.’*

Yes, we do have a lot of Teachers, Guidance Counselors, and some brave souls who have taken on the seemingly burdensome task of bringing out the so-called worst in us. We cannot and shouldn't try shooting the messenger as the experiences needed for our individual Spiritual Unfoldment comes through them. It's no accident that we are in this time and age of repeating history. It may seem that we are going backward, but nothing could be further from the truth. History was preparation for how we will get through *now*, this moment in time.

Will we be held hostage again or bravely face the bully? We are stronger than our fears and united we can do anything. We just have to remember who we are and our purpose for being. As Wayne Dyer once stated, *‘Be purposeful and live your life on purpose.’* And again, brave soul, Franklin D. Roosevelt reminded us that *‘The only thing we have to fear is fear itself,’* for fear is an illusion.

It's okay to acknowledge all the mixed emotions we are feeling right, now, but, as history has taught us, this, too, shall pass. Sean, my younger son, called me the day after the election and asked ‘Are you OK?’ He was concerned, as, in his words, I was too quiet. I was in total shock, like many people

This time, I have a lot of history references running through my mind and I realized that ‘We can resolve to evolve,’ like a lesson you gave on February 10, 2019, ‘Resolve to Evolve’ by Robert D. Anderson: *‘You won’t find no peace of mind ‘til you learn that life can be more. You can: Resolve to evolve. Get on the spiritual path. Resolve to evolve. Give your brain a metaphysical bath. You can resolve to evolve.’*

... I have been busy on weekends helping out to spread the message of hope for America; I don't believe for a moment that any of that was wasted. As you are aware, planting seed takes time to grow. The young ones will remember. I am hopeful for them and our nation.

Hugs, Love always, Veronica Tucker”
