

June Gubern-Ray

June first attended UCC in 2016 and started attending regularly in 2021 when she relocated from New Jersey to Clearwater Beach. Prior to UCC, she was a member of Unity Church of Christ in Maywood, NJ (also known as Teaneck, NJ), where she served on the Board of Trustees for six years in various roles and is currently working with the existing Board there on a capital campaign to eliminate the current mortgage.

June has twenty years of experience in healthcare industry, with fifteen years in the pharmaceutical industry in various roles and leading multiple teams, including sales representatives, regional managers, director, key strategic account manager, and Vice President of Sales and Marketing. She also spent over ten years in the New York City Health and hospital setting, where she functioned in various Nuclear Medicine, MRI, and Ultrasound supervisory roles and served on the Board of Directors for Putnam Credit Union.

June brings great value to each team with whom she has worked, thanks to her strategic account management experience, her diverse leadership experience in highly competitive markets, and her exceptional collaboration, founded on trust, mutual accountability, and a passion for making a difference. She is always happy to serve.

June received both a BS in Medical Technology and an MBA in Marketing and Management from Fairleigh Dickinson University. She also holds a Certificate in International Business from Wroxton College, England, a certificate in Frontline Leadership from Columbia University and a Nuclear Medicine AMA Certification from JFK School of Nuclear Medicine. June is also a certified Nuclear Medicine and MRI Technologist.

In her free time, she enjoys spending time with her family, traveling the world with her husband, James Ray (she has visited all fifty states!) and, in season, watching and supporting the Kansas City Chiefs. Her husband is currently retired from the Airforce and spend most of his time on the golf course. June is looking forward to retirement at the end of 2025 and starting a non-profit on Healthcare Disparity and Patient Advocacy. We welcome June to UCC!
